*"EVERY COMPANY ASPIRES TO ACHIEVE EXCELLENCE, BUT IT IS THE CONSISTENT SURPASSING OF THOSE ASPIRATIONS THAT TRULY DIFFERENTIATES AN EXTRAORDINARY COMPANY FROM ITS COMPETITORS."*

# About Company:

***With a rich history dating back to 1973, Gautam Dyes and Chemicals Inc. (GDCI) has evolved into a leading global distribution partner for end users and agents dealing in intermediate chemical products.***

*GDCI India Private Limited, with its strong network of established producers and long-term contracts, has consistently delivered top-notch products, ensuring quality at every step. We prioritize quality, responsibility, and flexibility in all aspects of our operations. Our in-depth knowledge of the global market and the emergence of new producer markets in India have provided us with a solid foundation to build a robust organization. Strategically located ample storage facilities in Chennai, Mumbai, and other cities, along with a wide network of selling partners across India, further enhance our capabilities. This enables us to often deliver directly from stock, ensuring timely and efficient service. Our deep understanding of regional markets, coupled with our focus on the global market, has fueled our growth in selling markets. As a result, GDCI India Private Limited now caters to customers in every city across India.*

## ***Vision:***

*To be the leading chemical distributor in India, recognized for our unwavering commitment to excellence, innovation, and sustainability. We aim to create lasting value for our customers, partners, employees, and the communities we serve.*

## ***Mission:***

*To provide top-quality chemical products, efficient distribution, and exceptional customer service, while fostering sustainable practices, promoting industry collaboration, and creating a positive impact on the Indian chemical industry.*

# Our Services:
